No. I. 2589—*San.* 12-24-2, *dated* 23*rd September* 1924.

The accompanying Plague Regulations in force outside the Presidency Town—revised and reissued by the Government of Madras in their Order No. 975 P. H. dated 3rd July 1924, is hereby published for general information in supersession of those published with Government Notification No. L. 3347—San. 10-3-4, dated 10th November 1923.

Plague Regulations in force outside the Presidency Town.

Whereas certain parts of the Presidency of Madras are visited by, and other parts are threatened with, an outbreak of the dangerous epidemic disease known as plague, and whereas the ordinary provisions of the law for the time being in force in the Presidency are insufficient for the purpose of preventing the outbreak or spread of the disease:

In exercise of the powers conferred by Section 2 A of the Epidemic Diseases Act, 1897, as amended by the Devolution Act XXXVIII of 1920, the Local Government are pleased to prescribe, in supersession of all regulations previously issued on the subject, the following temporary regulations to be observed throughout the Presidency except the City of Madras for a period of one year from the 15th of July 1924.

1. In these regulations.

(*a*) "Infected area" means any area which is notified under these regulations by the Local Government or, subject to their control by the Collector of a district, to be infected with plague.

(*b*) "A local authority" means the local medical officer or, if there is no such officer, the village headman, the District Health Inspector or any other person appointed as a local authority for the purposes of plague by the Collector of the District.

(*c*) "Plague Officer" means the District Health Officer of the District Medical and Sanitary Officer where there is no District Health Officer, the Municipal Health Officer and the Revenue Divisional Officer within his jurisdiction and includes any other person who may be appointed by the Government or by the Collector as plague officer over any definite area.

2. The Local Government may, by Notification in the Fort St. George Gazette, declare any place or area in which one or more indigenous cases of plague have occurred, or in which the existence of plague among rats has been proved, to be infected with plague. In similar circumstances the Collector of the district may notify by tom-tom and by publication in the District Gazette that any place or area in his district is infected with plague, informing the Government forthwith of the fact that he has done so.

3. In an infected area or in a district adjoining an infected area the Collector may close any existing market and may appoint special places where markets may be held and may prescribe limits beyond which it shall not be lawful for persons bringing articles for sale from or to an infected area to pass.

4. In an infected area the Collector, or a Plague Officer with the previous sanction of the Collector, may order the evacuation of infected houses and houses in their neighbourhood, or generally of any infected locality:

Provided that before issuing or authorizing an order for compulsory evacuation

the persons evicted, together with the necessary water-supply and arrangements for watch and ward or shall satisfy himself that such shelter and water-supply have been provided by private agency. The Collector shall also satisfy himself that the compulsory evacuation is necessary to avert the further spread of the disease, or is in the interests of the affected population, taking account of climatic conditions.

The Collector may require all persons who evacuate their houses voluntarily, or are evicted under this regulation, to reside in such place as he may appoint.

Nothing contained in this rule shall be deemed to apply to persons who have been successfully inoculated against plague during the nine months prior to the declaration of a locality being infected or who got themselves inoculated within 24 hours of such declaration.

5. In an infected area the Collector may enter upon, occupy and use or depute any person to enter upon, occupy and use, without having recourse to the provisions of the Land Acquisition Act, 1894, any building or place which is required for, and is, in the opinion of the District Health Officer or the District Medical and Sanitary Officer where there is no District Health Officer, suitable for any purposes connected with plague measures: provided that, if the building or place is occupied, twenty-four hours' notice in writing shall be given to the occupier or shall be conspicuously affixed on such building or place. The owner or lessee of such building or place shall be entitled to a reasonable rent, to be fixed by the Collector for the period during which the ground or building may be used for purposes connected with plague; and the Collector shall, when any building ceases to be so used, cause it to be thoroughly cleansed and, if the owner so desires, white washed internally and externally.

6. If the Collector is of opinion that the destruction of any hut or shed is necessary to prevent the spread of plague, he may take summary measures for the destruction of such hut or shed and of the materials of which it is constructed.

7. The Collector may direct that any dwelling house or any landing place or railway goods-shed or any place used for the storage of grain shall be inspected and that all rats found therein shall be destroyed; and to facilitate the destruction of rats may order the temporary removal of any grain or other merchandise.

8. The Collector may direct that at any place in his district any consignment of grain, being conveyed by rail, road or otherwise, shall be examined, and shall, if necessary, be unloaded and expose to the sun in such manner and for such period as he may fix.

9. Every householder and every medical practitioner shall at once report to the nearest local authority any case of plague or any case of fever with glandular swellings or any unusual mortality among rats which may come to his notice.

10. The Chairman of any Municipal Council or Union Panchayet, or the headman of any village in which there is no panchayet, may prevent any person suspected of coming from an infected place from entering the town or village for a period not exceeding two days unless his clothing and personal effects have been thoroughly exposed to the direct rays of the sun for not less than six hours. He may also prevent any consignment of grain from entering the town or village until the bags have been removed from the carts and every side of each bag has been exposed to the direct rays of the sun for not less than two hours.

11. (1) In the absence of a written contract to the contrary, every Inspector, maistri, peon, watchman, coolie, scavenger or other menial servant employed to do duty in connection with plague, shall be entitled to one month's notice before discharge, or to one month's wages in lieu thereof, unless he is discharged for misconduct or was engaged for a specified term and is discharged at the end of it. Similarly every supplier of coolies shall be entitled to one month's notice before his coolies are discharged.

(2) No such inspector, maistri, peon, watchman, coolie, scavenger, or other menial servant shall, in the absence of a written contract authorising him to do so, and without reasonable cuase, resign his employment or absent himself from his duties without giving one month's notice or shall neglect or refuse to perform any of his duties. In like manner no supplier of coolies or other menial servants shall withdraw his coolies or servants without giving one month's notice.

12. When in consequence of the exercise of the powers conferred by or under these regulations any property is damaged or destroyed, the Collector shall pay to the owner by way of compensation such sum as he may consider sufficient to cover the cost of repairing the damage or replacing the property destroyed.

NOTES.—(1) The Plague Regulations being orders formally made and issued by Government under the Epidemic Diseases Act, no sanction is required as a condition precedent to prosecution for disobeying them (Judgment of the High Court in Criminal Appeal No. 561 of 1899).

(2) By Command Order No. 687, dated 18th November 1898, all ranks in the Madras Command have been directed to obey the Plague Regulations, and any infringement of them is punishable as a Military offence. Military pensioners have been warned (Superintendent's Circular No. II, dated 14th December 1898) that any disobedience or wilful neglect of the

No. L. 2382—*Ml.* 7-24-2, *dated* 17*th September* 1924.

Under Section 6 of the Land Acquisition Regulation, No. VII of 1894, it is hereby declared that the lands described hereunder are required for a public pose, *viz.*, T.-Narsipur Town extension and under Sections 7 and 3 (*c*) and 17 (i) of the said Regulation, the Assistant Commissioner in charge of Nanjangud Sub-Division is authorised to take order for the acquisition of the said lands and to take possession of them.
